

### **Foyer (LV – 30.4.16)**

I want to write about a hotel foyer  
Not sure if that sounds kinda dumb  
'cos there are loads of different kinds  
And I have spent time in loads of them

But what a way to see the world  
No need to travel anywhere at all  
If you sit and watch and take it in  
It comes, the long and short and tall

Twin sisters on that well earned trip  
Hen's with hats and wobbly heels  
Noisy stags with raucous bawdy laughs  
Bags and cases on noisy wheels

Precocious personalities provide  
A positively amusing parade  
The selfie-pruning self absorbed  
Putting on their own charade
